

The page features three blue, 3D-rendered circles of varying sizes. One large circle is at the top right, a medium one is in the center, and another large one is at the bottom right. Thin blue lines extend from the top left and bottom right corners towards the circles, creating a sense of depth and design.

MST Survey Overview

Reset Survey 1

This is the results from the survey preformed in regards to reset by the MST Office. The raw data is available (although not broken down by region), by contacting amst.projects@mst-office.net, for those wishing raw data rather than the data that is put together by the office. Please realize that this is not the final survey that will be conducted in regards to this topic to find out what the player base desires in the aspects of venues they want hosted by the MST office.

Summary of Results

The results given are reflective of what the general population wishes. There was a 10 percent margin of error given based off people answering questions either incorrectly or not understanding what precisely was being asked but it is indicative of the venues most desired by the general population. The important aspect to look at here is the following numbers:

- Requiem – Scored most desired (474), most preferred (610) and top 3 (839)
- Masquerade (any Venue) – Scored:
 - Cam/Anarch – most desired (459), most preferred (550)
 - Sabbat – most desired (304), 2nd most preferred (352)
 - All (combined) came in at 335 with it being the 2nd most rated game for playability (824)
- Lost – Desired (474) with 610 preferring to play it and making the top 3 (625)
- Awakening – least desired at 327, preference was 2nd place (266) making the top 3 at 513.
- Apocalypse – was 428 (least desired), with 246 voting for most preferred to play, with top 3 at 512.

The least preferred games also have the equal spread across it – at Mummy, Promethean, Kindred of the East, Wrath, and Demon.

Summary of Preferences

How did I get these numbers since we rated 1-7 on each venue - adding up line by line and taking the highest total (starting at most preferred going to least preferred) in each group.

NWoD:

Going from most preferred to least preferred:

- 1) Requiem = 610
- 2) Lost = 630
